

Aryaka Unified SASE as a Service Enables High Performance for 8x8's Unified Communications-as-a-Service

Solution Brief

Aryaka's Unified SASE as a Service and 8x8's UCaaS (Unified Communications as a Service) deliver superior quality voice, video, and web conferencing to global enterprises. Leveraging Aryaka's global private network, organizations gain enterprise-grade connectivity to 8x8's UCaaS without relying on MPLS. Aryaka's advanced networking capabilities minimize jitter, latency, and packet loss typically associated with public Internet, ensuring an exceptional end-user experience for all 8x8 customers and partners worldwide.

Making UCaaS Better

 <p>Enhanced Experience</p>	 <p>Assured Bandwidth Capacity</p>	 <p>Continuous Availability</p>	 <p>Consistent UCaaS Performance</p>
<p>Optimized collaboration sessions via a private network with integrated WAN optimization, reducing jitter, latency, and packet loss.</p>	<p>Real-time communication QoS through prioritization, traffic shaping, and bandwidth allocation techniques.</p>	<p>Reliable connectivity to 8x8 data centers via a private network, minimizing service disruptions and call drops.</p>	<p>Intelligent last-mile optimization delivering Quality of Service across all sites, even those with suboptimal Internet connections.</p>

8x8

- ✓ **Award-Winning** – Recognized for excellence, 8x8 is a leader in the Gartner Magic Quadrant for UCaaS, showcasing its innovation and reliability.
- ✓ **Reliable & Secure** – True enterprise-grade reliability with industry leading SLA: 99.99% of up time and the industry’s most complete set of security and privacy compliances, including FISMA, HIPAA, PCI and Privacy Shield.
- ✓ **Enterprise & Global** – Connect worldwide locations with 8x8’s 12 global data centers, which service 120+ countries across six continents.
- ✓ **Single Platform** – Combine the most complete suite of UCaaS and CCaaS on one powerful platform.

aryaka

- ✓ **Global Private Network** – Aryaka Unified SASE as a Service provides a software-defined network with over 40 Points of Presence (POPs), reaching 95% of the world’s business population, ensuring extensive global coverage.
- ✓ **Application Acceleration** – Enhanced performance for distributed branch offices and remote/mobile employees using UCaaS applications.
- ✓ **Managed Service Delivery** – Eliminates capital expenses and reduces operational costs by consuming networking and security as a Service.
- ✓ **Fast Deployment** – Set up your network in hours with Aryaka Unified SASE as a Service, significantly faster than traditional MPLS infrastructure, allowing for swift deployment and scalability.

“Our remote locations were experiencing WAN performance issues, which resulted in dropped calls when attempting to connect to other offices around the world. With 8x8 and Aryaka, not only do we no longer drop calls, but voice quality has improved immensely. Our team is more productive as a result.”

Benefits

Superior Quality	Enterprise-Grade Connectivity	Scalable Deployment	Guaranteed QoS
Aryaka Unified SASE as a Service enhances the quality of voice, video, and web conferencing for 8x8’s UCaaS, ensuring exceptional clarity and reliability across global enterprises.	Provides seamless connectivity to 8x8 services without relying on MPLS, leveraging Aryaka’s robust network infrastructure to deliver consistent performance.	Deploy 8x8 services rapidly, with Aryaka enabling setup in hours rather than weeks, ensuring businesses can scale efficiently to meet demands.	Ensures Quality of Service for all locations worldwide, supported by Aryaka’s intelligent network management to maintain optimal performance even in challenging environments.
